Accurate Installation Services, Inc.

Whether it's one workstation or several hundred, our goal is to accurately complete your project on time and within budget!

Benefits to You

◆ Customer Satisfaction

Accurate Installation Services, Inc. has completed over 20,000 office furniture projects since the company's start in 1993. We do projects ranging from one workstation to over 800 workstations.

◆ Experience

Over 40% of our staff has been with Accurate Installation Services, Inc. for more than 5 years. This means you can count on experienced and knowledgeable installers to *accurately* complete your project.

◆ Efficiency

All of our installers are trained to work independently and carry their own tools on the jobsite, reducing project completion time.

Commercial Office Furniture Services

We are experienced with many brands of office furniture.

Quality of Workmanship

Quality of workmanship is something that resonates with a customer long after a project is finished. The cost of adjustments, repairs, and aesthetic improvements will compound over the long run if a project is not *accurately* completed. Accurate Installation Services, Inc. backs up the quality and workmanship of our installations, reconfigurations, and other furniture services.
